Joint Hardware Attack Subgroup (JHAS)

## Traffic Light Protocol (TLP) Classification

TLP LEVEL	DESCRIPTION	SHARING SCOPE
<b>TLP:CLEAR</b>	Disclosure is not restricted.	May be shared freely and published without limitation.

## Important Remark

The application process is designed to ensure alignment between prospective members and the mission, values, and requirements of JHAS and the EUCC ISAC:

1. The process begins with an eligibility check conducted in accordance with the criteria set out in the JHAS Terms of Reference (TOR) and the EUCC ISAC Statutes.
2. This is followed by the submission of the application form.
3. Applicants may be invited to present their organisation during a JHAS plenary session.
4. JHAS members evaluate the applicant's relevance against the eligibility criteria, which include, but are not limited to, the nature of the organisation, as well as its commitment and capacity to contribute to the objectives of JHAS.
5. Following this evaluation, the application is submitted to the EUCC ISAC Steering Committee for final review.
6. Upon approval, the applicant is admitted on a trial basis for one year and granted full access to JHAS activities.
7. Accepted members will be required to sign a Membership Agreement upon completion of the application process.

## Instructions

**Please complete all sections of this form and submit it, along with any required supporting documents, to the JHAS Chair and Secretariat [contact@ccisac.eu](mailto:contact@ccisac.eu) - All information will be treated confidentially and used solely for membership evaluation purposes.**

NCCAs and CABs that are part of an NCCA are considered de facto members, exempt from membership fees. Membership assessment does not apply to this category; however, in order to collect administrative information, these members are requested to complete Sections 1, 3 and 4 of this document. No signature is required.

### Important Note:

By applying to the JHAS, accepted entities will also become members of the EUCC ISAC.

If an applicant intends to join additional working groups or structures within the EUCC ISAC (beyond JHAS), a separate application form must be completed for each respective group. Membership in JHAS does not automatically grant access to other EUCC ISAC working groups.

The applicable EUCC ISAC membership fee will depend on the nature of the entity (e.g., category, annual revenue and/or turnover) and the number of technical groups it joins. A single annual invoice will be issued accordingly.

## Section 8: EUCC ISAC Membership Fee

By applying to JHAS, accepted applicants automatically become members of the EUCC ISAC.

Membership fees are determined by:

1. **Annual revenue range** (*reflecting the total consolidated annual turnover of the group of companies of which the applicant is a part*)
2. **Participation in technical groups** (JHAS, ISCI, others)
3. **Eurosmart membership status** (discounted fees apply for the first year that could be reconducted).

A single consolidated invoice is issued by the EUCC ISAC Secretariat. Fees must be paid within 90 calendar days of invoice issuance to maintain active membership. If membership starts mid-year, a pro-rata fee will apply. Membership fees are reviewed annually by the EUCC ISAC General Assembly upon technical groups' proposal and may be adjusted accordingly. [\(See annual Membership fee calculation →\)](#)

### 26. Applicable Annual Turnover (Corporate group)<sup>1</sup>

- ☐ Not-for-Profit Organisation
- ☐ 0–5M
- ☐ 5–50M
- ☐ 50–500M
- ☐ >500M

### 27. Technical Groups to which you have applied or in which you hold membership

- ☐ JHAS
- ☐ ISCI
- ☐ CC Framework for Embedded AI subgroup
- ☐ JDES (Embedded Device)

---

<sup>1</sup> Applicable membership fees are scaled according to the total global annual turnover of the corporate group the member belongs to. For these purposes, a “corporate group” means the member and any entities under common control, directly or indirectly.

## Section 7: Compliance & Declaration

By signing below, the applicant confirms that:

- The information provided is accurate and complete.
- The organisation agrees to abide by
  - the EUCC ISAC Statutes, [\[link\]](#)
  - the JHAS Terms of Reference (ToR), [\[link\]](#)
  - the EUCC ISAC IPR policy [\[link\]](#)
  - the Antitrust policy guidelines. [\[link\]](#)
- Upon acceptance as a member, the applicant hereby agrees to remit the applicable membership fee as established by the EUCC ISAC, in accordance with its governing policies and procedures. Said fee shall be payable in full within ninety (90) calendar days from the date of issuance of the corresponding invoice. Timely payment of the membership fee shall constitute a continuing condition precedent to the maintenance of active membership status.
- The organisation consents to any necessary verification steps conducted by JHAS and the Steering Committee.

# About us

The EU Common Criteria Information Sharing and Analysis Centre (EUCC ISAC) is an international non-profit association dedicated to fostering collaboration, harmonization, and excellence in cybersecurity certification.

The EUCC ISAC acts as a central hub for collaboration between public and private stakeholders, ensuring the effective and consistent implementation of the EU Common Criteria (EUCC) certification scheme. It provides essential input to key entities—including the ECCG subgroup for EUCC maintenance (EsEm), the European Commission, ENISA, and Member States—to support the ongoing development and maintenance of the EUCC scheme. We aim to maintain state-of-the-art practices by providing technical interpretations, methodologies, attack quotations, and an up-to-date attack catalogue.
